Student-Athlete Transportation Release Form

The School District policy on transportation of student-athletes states that "*athletes must travel to and home from an athletic contest or practice on the bus provided by the School District."* However, under certain circumstances and at the discretion of the coach, the following is permissible.

In accordance with New York State Law, a student may utilize alternative transportation back from an activity/event site if…"the parent or legal guardian of a student participating in such event has provided the School District written notice authorizing an alternative form of return transportation for such student…"

It is necessary that the written notice given by the parent or legal guardian be completed prior to the event or at the event site before the time of the District provided transportation, specifying how the student will be transported away from the event site.

Parents or guardians wishing to exercise this privilege must complete the information on this form.
